#### SUPREME COURT OF OHIO

{¶3} Applicant was born in 1949 and grew up in Sandusky, Ohio. After college, from 1979 to 1985, applicant served as the president and sales staff of business enterprises engaged in the development of computer software in Nevada and California. In July 1987, he received a discharge in bankruptcy. From 1991 to 1998, applicant worked in Ohio, California, and Hawaii for different business enterprises.

{¶4} From 1995 until 1998, applicant attended the University of Toledo Law School, graduating in December 1998. While attending law school, applicant continued to work developing software.

{¶5} In 2000, applicant filed again for bankruptcy. During the bankruptcy proceedings, applicant testified that he had no income in 1998 requiring him to file a tax return, and he was living off student loans and loans made to him by a friend and business partner, Gordon Kraft. In his 2000 petition for bankruptcy, applicant had neglected to list his student loans of \$73,465, as well as loans by Kraft amounting to over \$222,000. Applicant later amended his petition to cover these loans.

{¶6} In its initial report filed in February 2002, the panel expressed concerns with the applicant's financial situation. The applicant had extensive

concerns with the applicant's financial situation. The applicant had extensive financial obligations with no offsetting assets. But the applicant repeatedly stated that "he would repay the obligations owed to Gordon Kraft in the amount of \$222,775.41" and would pay his student loans at the rate of \$1,256 each month "until such time as [he could] pay down the loan balance." Further, applicant stated that "his current income was steady, between \$8,000 and \$16,000 per month." However, applicant had "provided no evidence of income nor did he provide any evidence of his ability to meet his financial obligations."

## **Item 2. Acquisition or Disposition of Assets**

On August 30, 1996, pursuant to a Stock Purchase Agreement dated as of August 30, 1996 (the "Agreement"), Sykes Enterprises, Incorporated ("SEi" or "Company") acquired all of the issued and outstanding stock of DiagSoft, Inc. ("DiagSoft") from Gordon H. Kraft in exchange for **675,000 shares of SEi common stock** (the "Acquisition"). The Acquisition will be accounted for using the pooling-of-interests method of accounting.

DiagSoft, a corporation organized and existing under the laws of the State of California, develops and markets proprietary diagnostic software for use by manufacturers, professional service personnel and end users, which serves as a tool for enhancing SEi's technical product support services. Proprietary products developed and marketed by DiagSoft for use with a variety of operating systems include software used by personal computer manufacturers for their quality assurance purposes, and pre-installed or bundled software used by professional service personnel and end users for verifying component functionality, troubleshooting, resolving hardware and software conflicts, and hardware repairs. For the six month period ended June 30, 1996 and the year ended December 31, 1995, DiagSoft had revenues and net income (loss) approximating \$3.9 million and \$479,000, and \$6.2 million and (\$112,000), respectively, based on the unaudited internally prepared financial information. The Company expects to close leased offices in Scotts Valley, California and Tampa, Florida acquired in the Acquisition.

Pursuant to the Agreement, Mr. Kraft entered into a consulting agreement with Sykes Enterprises, Incorporated, effective through August 30, 1997, unless terminated earlier in accordance with the terms of the agreement. Also pursuant to the Agreement, Mr. Kraft is precluded from competing against DiagSoft or the Company for three years.

Gordon Kraft did not own any shares of SEi common stock as of the date of the Agreement. None of the directors and executive officers of SEi owned any DiagSoft stock as of the date of the Agreement. Gordon Kraft has been granted certain registration rights for the SEi common stock he received in the Acquisition.
